TV'S RULED BY WOMEN
The Mistresses are in charge and these TV's will learn to obey!

• 4 for $100
or all 6 for $135
(Too new for photos)

"From the earliest traces of primate fossils some 70 million years ago, no one, but no one, has ever raised the finger of defiance to the celestial organization. We have been like blind slaves obediently being rotated without our consent."

Iowa State University mathematics professor ALEXANDER ABIAN, *on his proposal to blow up the moon with nuclear warheads—thereby reducing Earth's tilt and improving global climate*
